\* This represents receipts incidental to market borrowings taken towards reduction of cost of borrowings, interest waivers etc.

**A. Interest Receipts**

**(a) Interest on loans to States**

The interest receipts are estimated at Rs. 11113.46 crore in Revised Estimate - 2007-08 and Rs. 11712.86 crore in Budget Estimate 2008-09.

As per the Twelfth Finance Commission (TFC) Award (2005-06 to 2009-10) under which (i) all Central Loans contracted by States till 31.3.2004 and outstanding as on 31.3.2005 are required to be rescheduled into fresh loans for 20 years carrying 7.5% interest subject to the condition that the State Government concerned enacts Fiscal Responsibility Legislation and (ii) fresh loans are to be raised directly by the State/UT Governments except loans under Externally Aided Projects. So far, twenty six States have passed such legislation out of which twenty five States have become eligible for benefit of debt consolidation.

**(b) Interest on loans to Union Territory Governments**

The interest receipts are estimated at Rs. 100.12 crore in Revised Estimate 2007-2008 and at Rs. 100.11 crore in Budget Estimate 2008-2009.

**(c) Interest payable by Railways**

The memorandum on rate of dividend for 2008-09 is under the consideration of the Railway Convention Committee (RCC). Thus, pending recommendations of RCC, the estimates for the year 2008-09 have been framed on the basis of arrangements adopted for 2007-08. These arrangements are :

- (i) Except for the capital cost of residential buildings which bears dividend at 3.5 per cent, Railways pay dividend at 7 per cent on entire dividend-paying capital irrespective of the year of investment (inclusive of 1.5 per cent on dividend bearing capital, less subsidy capital invested upto 31.3.1964, for payment to States in lieu of passenger fares tax).

- (ii) The Railways do not pay dividend on capital in respect of:
- (1) Strategic Lines - the annual loss in respect of working of such lines is borne by General Revenues and surplus, if any, in their working is transferred to General Revenues upto the level of normal dividend.
  - (2) Un-remunerative branch lines - the exemption of a particular branch line from payment of dividend on capital is based on annual review of the remunerativeness of the line, the remunerativeness being determined on the basis of the 'marginal cost' principle.
  - (3) Ferries, welfare buildings (hospitals, dispensaries, health units, clubs, institutes, schools and colleges, hostels and other welfare centres) and non-strategic portion of the North-East Frontier Railway.
  - (4) Ore lines (Kiriburu-Bimlagarh and Sambhalpur-Titlagarh lines, which involve concessional rates of freight for the carriage of ore) provided that they are not remunerative, the remunerativeness being determined on the basis of the 'marginal cost' principle.
  - (5) 28 'new lines' taken up on or after 1st April, 1955 on 'other than financial' considerations, except those which become remunerative during the year adopting the 'marginal cost' principle; this arrangement applies also to Jammu-Kathua and Tirunelveli - Trivandrum - Kanyakumari lines, which are known as 'national investments'.
  - (6) On the 'new lines' other than those referred to above, dividend on capital invested is deferred during the period of construction as well as for the first five years after their opening. The deferred dividend is recoverable from the sixth year, provided the net income of the new lines leaves a surplus after payment of the current dividend. The account of the unliquidated deferred dividend on these lines is closed after a period of 20 years from the date of their opening, extinguishing any liability for deferred dividend not liquidated within that period.
  - (7) The gauge conversion work taken up on strategic consideration.
- (iii) 50 per cent of the outlay in a year on capital works-in-progress (which would otherwise be liable to payment of dividend) is exempted from payment of dividend for a period of three years.
- (iv) The above dividend concessions are provided to Railways in the form of subsidy from General Revenues. The losses on strategic lines till RE 2005-06 were netted from dividend payable. However, from RE 2006-07, these losses are being reimbursed through provision under the Demand of Department of Economic Affairs.
- (v) In years in which the net revenue of the Railways is not adequate to meet the current dividend liability, the shortfall in the payment of the current dividend is treated as deferred dividend liability (on which no interest is charged) to be discharged by Railways from surplus in future years.

Based on the principles mentioned above, the estimates of dividend payable by Railways for Revised Estimates 2007-2008 and Budget Estimates 2008-2009 work out as follows:-

	Budget 2007-2008	Revised 2007-2008	(In crore of Rupees) Budget 2008-2009
(i) Dividend on Capital at charge (net of subsidy payable by General Revenues)	2288.42	2032.67	2405.07
(ii) Subsidy payable by General Revenues	1597.00	2162.33	2207.69
(iii) Payment by Railways in lieu of Tax on Railway Passenger Fares	23.12	23.12	23.12
<b>Total</b>	<b>3908.54</b>	<b>4218.12</b>	<b>4635.88</b>
<b>Less-Loss on working of 'Strategic Lines'</b>	...	...	...
<b>Dividend payable by Railways taken as interest</b>	<b>3908.54</b>	<b>4218.12</b>	<b>4635.88</b>
Repayment of Deferred Dividend Liability	664.00	664.00	...

Out of the 1.5 per cent dividend paid by the Railways on the pre-1964-65 capital, an amount of Rs.23.12 crores is contributed by the Railways for being passed on to the States as grant in lieu of the repealed tax on railway passenger fares and the balance, which hitherto was contributed to the Railway Safety Works Fund, is from 2001-2002, credited to the newly created 'Railway Safety Works Fund' directly by the Railways with the approval of Ministry of Finance and the RCC (1999).

**(d) Other Interest Receipts :**

The estimates under 'Other Interest Receipts' are in respect of interests on loans advanced to Public Sector Enterprises, Port Trusts and other Statutory Bodies, Cooperatives, Government servants, etc. and on capital outlay on Departmental Commercial Undertakings.

<b>Total</b>	<b>6652.18</b>	<b>6552.82</b>	<b>6798.66</b>

The head 'Power' records receipts of the Central Electricity Authority under the Electricity (Supply) Act, etc.

Under the head 'Petroleum' the estimates include receipts from Royalty on crude oil and gas produced off shore, Profit Petroleum and licence fee for the right to exclusive exploration of oil and gas in a particular region.

(a) **Royalty** : (i) Central Government is entitled to Royalty on Oil and Gas produced from the Offshore fields, whereas in case of Onshore fields, it is payable to concerned State Governments. The power of regulation and the responsibility for the development of oil fields are exclusively within the domain of the Central Government. Oil Fields (Regulation and Development) Act, 1948 and the Petroleum and Natural Gas Rules, 1959 deal with it. (ii) Royalty regimes for Oil and Gas production from nominated fields of National Oil Companies vary from that for the production from fields awarded under Production Sharing Contracts (PSCs). (iii) Royalty payable by National Oil Companies on crude oil and natural gas, being ad-valorem, depends on the prices at which crude oil and natural gas are sold by them. Pricing of natural gas is under Administered Pricing Mechanism (APM), which has been revised upwards during 2005-06 affecting the receipts from Royalty. Similarly, the international crude oil prices which are highly volatile affect these receipts. (iv) The Royalty on production from fields awarded under PSCs is governed by the provisions of the respective PSCs and the receipts in this regard depend upon the actual production from the various fields.

(b) **Profit Petroleum** : Profit Petroleum is the value of petroleum produced from a particular field after deducting the admissible cost of production, as per the contract. The Contractor and the Government share the Profit Petroleum from the contract area in accordance with the provision of the respective agreements/contracts. No profit petroleum is payable on production by National Oil Companies from the nominated fields. Profit Petroleum realization also varies with the prevalent price of crude oil and gas, Directorate General of Hydrocarbons (DGH) monitors the implementation of these PSCs. Profit Petroleum is payable on a quarterly basis with final adjustment made at the end of the financial year.

(c) **Petroleum Exploration License (PEL) Fee**: (i) PEL fee is a payment by a licensee in consideration of the Government granting a right to carry out exclusive exploration of Oil and Gas in a particular area. License fee is generally linked to area and period of license and is payable by licensees in accordance with Petroleum and Natural Gas Rules, 1959 as amended from time to time. (ii) PEL fee in the case of onshore fields goes to the concerned State Government and in case of offshore fields is paid to the Central Government.

<b>(iv) Industry and Minerals :</b>			
Village and Small Industries	28.25	28.20	30.20
Industries	56.24	152.57	149.76
Non-ferrous Mining and Metallurgical Industries	25.13	23.21	23.21
<b>Total</b>	<b>109.62</b>	<b>203.98</b>	<b>203.17</b>

The head "Village and Small Industries" records receipts from industrial estates, small scale, handloom, khadi, handicraft, coir, sericulture, powerloom and other village industries.

Receipts under 'Industries' relate mainly to atomic energy industries and licence fees collected from various industries.

The head "Non-ferrous Mining and Metallurgical Industries" mainly accommodates receipts on account of specified jobs undertaken by the Geological Survey of India.

<b>(v) Transport</b>			
Ports and Lighthouses	3.00	3.00	3.00
Shipping	49.40	54.40	54.40
Civil Aviation	22.75	25.50	27.50

<b>Total</b>	<b>168.15</b>	<b>179.38</b>	<b>183.27</b>

The head "Shipping" account for receipts of survey and registration fees of ships and ferry services.

The head "Roads and Bridges" includes receipts on account of national highways, including fees for use of national highways, permanent bridges and also departmental charges recovered from State Governments and other bodies for services rendered by the Border Roads Development Board.

<b>(vi) Communications:</b>			
Other Communication Services	9902.19	21533.33	13953.44

Receipts under 'Other Communication Services' mainly relate to the licence fees from telecom operators and receipts on account of spectrum usage charges.

Department of Telecom collects recurring licence fees from various telecom operators licensed by it. It also collects one time Entry fees from new operators. The RE 2007-08 includes a sum of Rs. 12499.43 crore as one time entry fee from dual technology user and New UASL operators. The main service categories include Cellular Mobile Service, Basic Service, Unified Access Service, V-SAT Services, International and National Long Distance Services, Infrastructure Providers, Internet service providers with Internet telephony, Public Mobile Radio Trunk Services (PMRTS).

Barring a few services, the licence fee is collected based on percentage share of the operators' Adjusted Gross Revenue (AGR) and includes a component of Universal Access Levy. The AGR in turn is influenced by factors like tariff, customer base, competition, etc. The collection from licence fee depends on the rate of licence fee, tariff and growth of the telecom service sector in the country.

Department of Telecommunications Collects spectrum charges akin to royalty for the use of spectrum allocated to them for operating telecom services in the licensed telecom circle. These charges are levied from CMTS, UASL and Commercial V-SAT service providers as a percentage of their Adjusted Gross Revenues depending up on the quantum of spectrum assigned for their networks. From others, these are levied at flat rates or on the basis of formulae.
